

DIABETES REVERSAL ONLINE TRAINING

PROFESSIONAL ONLINE TRAINING FOR MEDICAL & ALLIED
HEALTHCARE PROFESSIONALS IN LCHF FOR
DIABETES MANAGEMENT & REVERSAL

Presented by national and international Medical and Allied healthcare experts in their field, on the topic of Type 1 & 2 Diabetes Mellitus and LCHF/Ketogenic nutrition and its implementation into clinical practice.

The course is presented as a series of online, self-study lectures.

Each lecture includes:

- Topic outline, learning objectives and lecture summary
- Expert speaker presentation
- Downloadable resources and references for relevant journal articles and literature
- Quiz to assess what you've learned

Certificate and Continued Professional Development

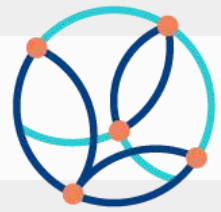

Certificate

On completion of the course, participants will be issued with a **Certificate of Completion**. This module contributes towards certification as a **Nutrition Network Practitioner**.

Continued Professional Development (CPD)

This module has been accredited by The CPD Standards Office and is worth 10 CPD hours. We have been assured that the accreditation is recognized and respected internationally. Formal CPD Standards certificates are issued and accepted in a multitude of countries.
